**Grocery List Tips**

**When you're going grocery shopping:**

- Make a **list of items** you want to buy.
- At the store, look at each item on your list and ask yourself, **which aisle** will this item be in?
- Go to the correct aisles and **find** the items you need.
- Use a pen or a pencil to **cross off** each item on your list as you put it in your basket.
- **Check** the items in your cart to make sure you have everything on your list.
- Go to the **cashier** to pay for your groceries.
