Measuring Tips

When you’re measuring ingredients, remember to:

➤ Put your recipe where you can see it.
➤ Get all your ingredients out.
➤ Check the recipe to see how much of each ingredient you need.
➤ Measure each ingredient with the correct measuring cup or spoon.
➤ Double check each measurement in the recipe before adding the ingredient to the bowl.

Abbreviations you might see in a recipe:

• tbsp = tablespoon
• tsp = teaspoon
• oz = ounce
• pkg = package
